Dear parents and carers,

In this temporary role as Executive Headteacher in the absence of Mrs McGee, it has been a pleasure to meet parents and get to know the children as well as possible. They have a really dedicated team of staff around them at the school who will do anything for them.

Your children may be coming home sharing a few slight changes, if there are any questions around this please feel free to contact me directly.

You will notice that both gates in the mornings have a member of staff on them to ensure children are completely safe and remain in the playground and enter school. The morning process is seeing slight timing tweaks at the moment until it is right, so thank you for your patience with this. I will be reviewing the dismissal procedure soon to make sure it is as safe and smooth as it possible can be.

During the drop off and pick up procedure there are some elements that could make the children and adults even safer:

- Please can children refrain from using bikes and scooters in the main car park, there are consistently vehicles driving in and out
- Please can children avoid walking through the car gate onto the school premises as, while this is used infrequently, it is still used
- On the playground, please can children refrain from using bikes or scooters
- I understand that with play equipment on the playground and a period of waiting, it can be hard to stop children from using it, please encourage children to not but where this does occur, please supervise closely.

On the gate in a morning, please pop over and say hello, tell me a little about yourselves and your children as the more I know, the more effective I can be in supporting, you, the children and the staff at Edgar Stammers.

Kind regards  
Adam Gatrad  
Executive Headteacher
